

COUNTY GOES OVER IN STEPHENS DRIVE

College to Let Contract for a New Dormitory at Once.

TOTAL IS \$50,637.75
1,050 Subscribers Contributed to Fund—M. U. Fraternities Give \$400.

The contract for a new dormitory to be built on the west side of the Stephens College campus will be let at once. The building will accommodate sixty students, and will be similar to the new structure on the east side of the campus.

This step toward making the school large enough to accommodate the hundreds of girls that are turned away on account of lack of room was made possible when Boone County last night exceeded its \$50,000 quota by \$637.75, in the Greater Stephens College Campaign. The building will be completed when the college opens next fall.

One thousand and fifty persons subscribed to the fund in the drive which closed last night. Of this number 225 were Stephens College students, who contributed \$4,000.75. Yesterday afternoon \$1,378 was needed to fill the quota. The college girls gave more than \$500, and University fraternities raised \$400. There was also a number of smaller subscriptions.

County Never Failed Yet.
"The Executive Committee," said S. F. Conley, chairman of the organization, "wants to express its high appreciation of the untiring efforts of the members of the organization in Columbia and throughout the county which have made the success of the campaign possible. From the start I had no doubt as to the ultimate success of the enterprise because I have felt all along that Columbia and Boone County have never yet failed to measure up to any duty that has imposed upon them. In my judgment this is one of the best investments that this community has ever made."

"On behalf of the Board of Curators of Stephens College," said E. W. Stephens, "I want to convey to the Commercial Club an expression of gratitude for the splendid work done in behalf of the college. While the organization, which made the success of the campaign possible extended in many cases beyond the membership of the club, I am sure that without the indorsement of the city's commercial organization and the nucleus which it has developed for promoting all kinds of public enterprises, the raising of this money would not have been possible. I especially desire to express the college's thanks to S. F. Conley, the chairman of the organization. In none of his many services to this community has he shown more unselfish work or greater efficiency."

Will Help Larger Campaign.
"The pledge of \$50,000 by Columbia and Boone County will be of immense help in promoting and consummating the campaign for one-half million dollars in the state of Missouri, and it will be the purpose of the College Board from now on to devote its energies to securing the greatest possible returns from the campaign that will be concluded December. The Board of Curators of cluded in the state the first week in the college as well as Mr. Wood and others connected with the management will make it their duty to repay this community in as large a measure as possible by endeavoring to secure from the Baptists of the state our full share of the million and a half dollars that is to be used for education in the forthcoming campaign."

"No other campaign for money in this community has had such a universal and cordial response as there has been to this appeal for Stephens College."

"Our special gratitude is due the newspapers of Columbia. Thanks to the liberal donation by them of space in their columns, this campaign has been the best advertised of any of a local nature that has ever taken place in the county, and the accomplishment of the task has been in a large measure due to the publicity which the work has received."

NEW TRAIN PROMISED

Wabash to Run Night Service Into Columbia, Garth Is Told.

H. E. Watts, general passenger agent of the Wabash Railroad, in an interview with W. W. Garth, secretary of the Commercial Club, at St. Louis yesterday, promised Mr. Garth that a night train into Columbia would be put on over the Wabash in the near future.

The Wabash Railroad officials are considering seriously of installing a sleeper, which will mean a midnight train out of Columbia, said Mr. Garth. The Wabash officials are working on this matter now, said Mr. Garth, and in all probability Columbia will have a new train service over the Wabash soon.

The Missouri, Kansas & Texas Railroad officials have refused to act in the matter of re-installing the Pullman service out of Columbia which was discontinued during the war.

The new Wabash service will mean that passengers can go to St. Louis and return the same day.

COAL MINERS URGED TO KEEP CONTRACT

Agreement With Government Is Binding, Says Senator Freylinhuysen.

COAL WOULD RISE
Railroads Would Stop for Lack of Fuel in 10 Days.

By RAYMOND CLAPPER
(United Press Staff Correspondent)
WASHINGTON, Oct. 14.—Coal miners who are threatening to strike were warned today that their contract with the government is binding and should be fulfilled in a statement by Senator Joseph S. Freylinhuysen of New Jersey, chairman of the Senate committee investigating the coal situation.

No action will be taken by the Senate unless William B. Wilson, Secretary of Labor, fails in his effort to prevent the strike set for November 1, it was said. It was believed at the Capitol that President Wilson would be asked to outline a governmental policy. President Lewis of the miners will probably be summoned to Washington and the gravity of the situation put before him. Senators explained the union has an agreement to work under the present scale until next April, or until the war is officially ended. The issue is now whether they will stand by that agreement or will declare it is invalid by reason of the end of the war. In case the miners contend the war is over, the administration plans to have Attorney-General Palmer rule on the question.

Railroads would be forced to stop running within ten days after the strike started, it was learned after Hines conferred with the Senate. According to data laid before the committee by coal men there was only a ten-day supply of fuel on hand for the railroads.

If the miners obtain their demand for wage increase, six-hour day and a five-day week, the cost of coal will jump \$2.50 a ton to the industrial consumer, the committee was informed.

Cabinet Discusses Strike.

By United Press.
WASHINGTON, Oct. 14.—Wilson's cabinet today discussed the threatened strike of the coal miners, the sugar shortage and general labor situation in the country. It was decided that Secretary of Labor Wilson should handle any federal action toward prevention of the miners' strike. A pronouncement on the subject of the government's policy toward the strike is expected.

MRS. M. A. HART ITS PRESIDENT

Parent-Teachers' Association of High School Elects Officers.

Mrs. Madison A. Hart was elected president of the Parent-Teachers' Association of the Columbia High School yesterday afternoon in the school cafeteria. This association was organized a week ago. The nominating committee made its report yesterday.

Mrs. Hartley Banks was named vice-president; Mrs. Luther Hardaway, secretary and Mrs. W. A. Hume, treasurer. A committee of three was appointed to draw up a constitution and by-laws. Mrs. John Taylor, Mrs. H. H. Tandy and Miss Sadie Stearns. Meetings will be held every second Monday at 3 o'clock in the high school cafeteria room.

Mothers, with sons and daughters in high school, hope to co-operate with the teachers in meeting some of the problems which may arise, and help settle some of the difficulties. It is for this reason the Parent-Teachers' Association was organized. Such problems as dancing, athletics, excursions from classes, holding assemblies and many other things were discussed by Superintendent J. E. McPherson.

Conference Uses Principles of Both Sides as Basis for Arbitration.

By United Press.
WASHINGTON, Oct. 14.—The industrial conference was thrown into confusion and compelled to adjourn again shortly after it had convened this afternoon by a proposal by Chairman Chadbourne of the central committee of fifteen that six members of the conference be delegated to act as an arbitration board not only in the steel strike, but in all of the big industrial disputes now under way.

By RALPH F. COUCH

By United Press.
WASHINGTON, Oct. 14.—The central committee of the industrial conference today reported to the full conference without recommendation the resolution calling for mediation of the steel strike. The conference today adopted resolutions expressing sympathy with President Wilson in his illness.

A comprehensive industrial code to cover arbitration proceedings and all disputes between employees and employers was being prepared today for submission to the conference.

Leading members of the group of delegates representing the public are preparing the code, working through the central committee of fifteen. Employers this are helping prepare the code as are delegates from the labor group in the committee including Samuel Gompers of the American Federation of Labor.

The code is being built upon the basis of a statement of general principles submitted by the employers group and another offered by the labor group. The basis of arbitration plan included in the code is that submitted to the conference by Secretary of Labor Wilson.

Fears U. S. Government May Fall.

NO EARLY INCREASE OF SUGAR

Supply Will Be Adequate Within Thirty Days.

No immediate relief is in view for the sugar famine Columbia. All refiners have ceased to accept orders for sugar in the future since they cannot guarantee deliveries. W. B. Nowell, Jr., of Nowell's grocery store said this morning that there was a car of sugar, consisting of 60,000 pounds, invoiced and billed to reach Columbia the latter part of this week or the first of next. This is to be divided proportionally among the merchants. There will be restrictions on the selling of this supply, as the amount that will be allotted to each merchant would under normal conditions supply about three hours of trade. This shipment together with small local shipments will relieve the situation for about two weeks. Mr. Nowell believes that sugar will be obtainable in adequate quantities within a month.

There is from twenty-five to thirty per cent more sugar used now in this country than this time last year. The restriction of the Food Administration on the use of sugar was largely responsible for the small amount of sugar used last year. The sugar that was formerly imported to the United States is mostly being sent to Europe. The increase of the use of soft drinks since the enforcement of prohibition has consumed a large amount of sugar in their manufacture.

TO BLOCKADE RUSSIA?

Allies Ask Germany as to Her Plans in Assisting in the Proposition.

By United Press.

BERLIN, Oct. 14.—The Allies have proposed an international blockade against Soviet Russia. The suggestion was made to Germany today in a note which was also addressed to Austria and the neutral countries. The note was received here following the Allies' note to Germany defining their attitudes toward the Baltic situation.

The communication proposing a blockade on Bolshevik Russia, asked what measures Germany was prepared to take in assisting the movement.

The feeling here, as expressed by reliable authorities was that Germany ought to decline as a matter of principle.

DECORATE 4 GRAVES

Daughters of 1812 Show Honor to Memory of Dead War Veterans.

The graves of Captain John Bedford Royall, Austin Bradford, James McConathy and Fleetwood Herndon, veterans of the war of 1812 buried in Columbia Cemetery were decorated Sunday afternoon by the members of the Thomas Frisbie chapter of the Daughters of 1812. Mrs. C. B. Sebastian, sang "My Country 'Tis of Thee" and Mrs. J. H. Laughlin, president of the organization, made a short talk. The ritual of the Daughters of 1812 was read by the Rev. S. F. Taylor and Mrs. G. A. Bradford gave the military record of each soldier and read a short sketch of their lives. N. T. Gentry talked on the lives and service of the men.

Irving Switzler, a grandson, placed the marker and flag and strewed the flowers over the grave of Captain John Bedford Royall of Virginia.

The next grave to be decorated was that of Austin Bradford of Georgetown, Ky. Dr. G. A. Bradford, a grandson, placed the marker; Berynice McAllister, a great granddaughter, arranged the flag, and Virginia McAllister and Estelle Bradford, great grandchildren, strewed the flowers.

The last grave to be decorated was that of Fleetwood Herndon of Fredricksburg, Va. Will Guitar, his grandson placed the marker; Herndon Guitar, a great grandson and namesake, arranged the flag, and Harriet Guitar strewed the flowers.

The "Star Spangled Banner" was sung by the entire assembly, after which taps was sounded.

MAJORITY OF GARY BOMBERS AT LARGE

Suspects Are "Grilled" in Effort to Uncover the Entire Plot.

A FEW ARE CAUGHT
The Man Who Mailed Bomb Under "Gimbel Brothers" Label Arrested.

By United Press.

GARY, Ind., Oct. 14.—Army officers here said today there was small chance of rounding up the entire band of bombers suspected of having made Gary their headquarters in their May-day and June campaign. Suspects arrested and now in custody were "grilled" in an effort to uncover the entire plot.

Army men refused to say more than that they believe more of the plotters are under arrest. Details as to the attempts at a reign of terror and their motives were withheld. The man who made the bomb mailed under the "Gimbel Brothers" label is now reported under arrest, but a large number of his confederates are still at liberty.

Colonel Mapes refused to discuss the arrest. He declared his efforts to run down all suspects had been hampered by publication of the fact when he was close on the trail of plotters.

The man is said to have been identified by the peculiar construction of the bomb, found in the basement of his home, which resembled the fragments of the machine which exploded on the steps of Attorney-General Palmer's home in Washington. The bombmaker, according to reports, was regularly employed in the steel mill at Gary until the strike was called, and was one of the violent agitators in connection with the strike.

The bomb which wrecked the entrance of the Federal Building last spring was made by Anton Gorski, taken by the soldiers and later released in capturing the "master bomber Ivanhoff." To Ivanhoff was laid the manufacture of the bombs which were used in the bombing.

WILSON IS RESTLESS

President's General Condition Is Good Despite Bad Night.

By United Press.

WASHINGTON, Oct. 14.—President Wilson's condition this morning was good, although he did not have a restful night, according to a statement issued by physicians at 12:15 o'clock this afternoon. The statement said:

"The President did not have a restful night last night. His restlessness was caused a swelling of the prostate glands, a condition from which he has suffered in the past and which has been intensified more or less by his lying in bed. His general condition is good, however. As noted yesterday, his temperature, pulse, respiration, heart action and blood pressure are normal." The statement was signed by Gayson, Ruffin and Stitt.

A specialist may be called in to consult regarding the swelling of the glands, it was stated. Doctor Grayson said the condition described in his bulletin is not uncommon among men who are advanced in years and should not be regarded as serious.

TO PLAN WOMAN'S AUXILIARY

Democratic State Committee Meets at Jefferson City.

By United Press.

JEFFERSON CITY, Mo., Oct. 14.—The Democratic State Committee is meeting here today to organize a woman's auxiliary committee.

A banquet will be given at the Madison Hotel tonight. Governor Gardner will preside. Among the prominent speakers are included Congressman Ferris of Oklahoma, Burris A. Jenkins of Kansas City and Mrs. George Babb, chairman of the woman's national committee.

The state committee will not take up any other business besides that of the organization of the woman's auxiliary committee, according to F. H. Farris of Rolla.

The fight for chairman of the Democratic state committee is said to have narrowed to Mrs. J. W. McKnight of Kansas City, and Mrs. Al Morrow of Warrensburg.
